Announcements

NEW *Fully-Funded scholarships for African students to do MSc degrees at Oxford*

400 fully-funded scholarships on Oxford MSc courses over the next 8 years have been created for healthcare students from Africa, specifically around building resilience and pandemic preparedness. Our [MSc in Translational Health Sciences](#) is one option they can apply for. Deadline is **20th January**.

NEW ***Cardiovascular Disease & Hematology Track (RADIANCE) Training program***

Dr. Victor Davila-Roman, PI PRIDE CVD-CGE, has received an R25 from NHLBI for a new summer training program.

RADIANCE (SummeR reseArch DIversity ProgrAm iNCardiovascular Disease & Hematology) will be targeting Underrepresented Minority Undergraduate and Professional health-related (ie, medicine, nursing, pharmacy, etc) students. This is an 8-week program for up to 12 students/summer. Participants receive a stipend, travel to and from St. Louis and lodging while enrolled, and a free Metrolink transit pass. [Read more.](#)

Data Science for Health Discovery and Innovation in Africa (DS-I Africa)

The Data Science for Health Discovery and Innovation in Africa (DS-I Africa) Initiative aims to leverage data science technologies to transform biomedical and behavioral research

and develop solutions that would lead to improved health for individuals and populations. [Read more.](#)

BMC Global and Public Health Journal

We are pleased to announce that the newly launched journal *BMC Global and Public Health*, which publishes important advances and influential research and opinion in all areas of

global and public health is now open for submissions. [Read more](#)

NIH Request Information on Simplifying Review Criteria

The NIH has issued a request for information (RFI) seeking feedback on revising and simplifying the peer review framework for research project grant applications. The RFI will

be open for a 90-day period, until March 10, 2023 [Read more.](#)

Protection of human subjects

Per NIH policy, [human subjects protection training](#) is required every three years for all key personnel who are involved in the design or conduct of NIH-funded

(<https://grants.nih.gov/policy/clinical-trials/good-clinical-training.htm>). CITI certificate is only acceptable if it

specifically says it is for GCP training (CITI offers many different courses). Online training is available in a variety of languages, free of charge, through several organizations, including but not limited to the following online courses: Global Health Training Centre (<https://globalhealthtrainingcentre.tghn.org/ich-good-clinical-practice/>); Training and Resources in Research Ethics Evaluation (<https://elearning.trree.org/>). The RCC and NIH do not require or endorse any specific training program.

NIH Data Management and Sharing (DMS) Policy

The NEW policy applies to ALL research grants submitted after 25 JAN 2023, while the old (current) policy only applied to applications over \$500K. What does this policy mean for you and key factors to consider when sharing data, coming January 25, 2023. [Read More](#)

NHLBI Adverse Event (AE) and Unanticipated Problem (UP) Reporting Policy

This policy applies to all human subjects research funded in whole or in part by NHLBI extramural programs. This guideline outlines definitions and policies and procedures for reporting. [Read more](#)

2022 HLB-SIMPLe Annual Meeting Archives

The agenda and presentation materials for the March 2021 and the February 2022 virtual Annual Meetings can be located at the following SamePage location. Please let the [RCC](#) know if you have any trouble accessing these materials. [Read more.](#)

15th Annual Conference on the Science of D&I in Health
Washington, DC
11-15 DEC 2022

Olugbenga G. Ogedegbe, MD/MPH
